WRESTLING. The Democratic City Fathers in Caucus

That Ended in a Very Bad Fizzle. It is well known to close observers

that the junto of politicians who in-

sisted upon making the recent municipal election a political contest have been laboring to further carry out their weighty designs by an attempt to force the Democratic aldermen to hold a caucus an i fix up things. Their labors culminated in a meeting held Friday night, which was intended to be strictly private and confidential, but enough leaked out vesterday te show that it was a lively meeting. Col. Thos. L. Williams was present and made a speech, of dents to take a past-graduate course. The which the following is almost an exact copy: Fellow-citizens: We have achieved a nagnificent victory. As long as there is a string left of them I will not be governed by any such proposition. I was elected by Republicans and Democrats, and will not go back on any of them.

He was followed by

Aldermen Fulcher and McMillan also made remarks to the effect that they had received Republican votes and would go into no caucus having for its end none but Democrats in office. A number of aldermen withdrew, leaving only five out of the twelve who were in favor of that policy, and these five broke up in disgust.

Afterwards, however, a meeting was held, participated in by a majority of the aldermen, in which it was determined to elect the present police force, with the exception of DeArmond, Leary and Rucker, who were to be succeeded by Henry Davis, J. F. Kinzel and Thomas McAffry. Mr. Kelly was selected to succeed John leisure, and their women folk and children, McDonald as "street boss."

The slate having leaked out yesterday, and it having been discovered that no provision was made for recognizing our Irish fellow-citizens, the pressure became so great that another caucus was called last night to so change the slate as to select an Irishman for some one of the home, to Chattanooga. positions.
